Guiding question: What is overall topic for the week? This is a concise question that creates a focus for the week.

Objectives: What students will be able to demonstrate knowledge of at the end of the class period? Each lesson only needs 2 - 3 objectives.

Warm-up: How will students become engaged with the topic/objectives for the day? This is a single, brief activity to prepare students for the day's content. The strategy may be listed, but it is recommended that the actual warm up is given if points are given for the activity.

Input: What materials will students use to learn about this topic? This can include lecture, multimedia, texts, notes, handouts, and other learning resources. Teacher activities.

Activity: What will student do during class to practice and receive feedback on the skills/knowledge they are learning? This activity may follow any part of the "input", or it may be embedded into the "input" Student activities

Homework: What independent practice has been assigned to students outside of class? Not every lesson will have specific homework. Please make sure to indicate any activities that need to be completed outside of class, including any reminders or steps for long-term assignments.
